

## **AIR MONITORING, PARLIAMENTARY PRECINCT**

**Since 2004, Concentric has been providing the Department of Public Works and Government Services industrial hygiene and air monitoring services on an as and when needed basis.**

**Typical assignments range from the sampling of designated and/or hazardous substances to daily air monitoring over a period of numerous weeks at a time.**

**Our certification with the Canadian Association of Environmental Analytical Laboratories, our wide range of environmental sampling equipment and our portable asbestos laboratory allow for a seamless start to finish of a wide range of projects.**
